# EQUIPMENT CALL OUT PROCEDURES

The Area “E” Oil Spill Co-Operative maintains 7 initial spill response units which are equipped with containment and recovery equipment. (Refer to location of Area “E” equipment). Access to the Area “E” unit may be gained by contacting the area’s equipment custodian(s) or the following:

## **Area Chairman**

### **Dan J Robertson**

Business Phone: (780) 778-7440  
Fax: (780) 778-7499  
Cell: (780) 778-0395  
E-Mail: dan.j.robertson@exxonmobil.com

## **Alternate Area Chairman**

Joanne Volk  
Business Phone: (780) 723-9850  
E-Mail: jvolk@talisman-energy.com

The company requesting the equipment is responsible for transportation costs and any consumable products used. An equipment usage agreement must be signed.

Each member company requiring the use of the Area “E” equipment is responsible to ensure that the unit is returned to its designated storage location as soon as possible after containment and recovery operations are completed.

The company last using the units shall notify the Chairman/Alternate Chairman advising him that the units has been returned to its normal storage location. A joint inspection of the units will then be made by the company involved and the Area “E” Equipment Supervisor. The Chairman will immediately arrange to have the units cleaned and all equipment inventory and materials checked, either repaired or replaced as deemed necessary. All costs will be charged directly to the Company having used the equipment.

**Note:** For information on additional response equipment, please refer to Section 2.4-9 or the Regional Equipment link on the WCSS website, [www.wcss.ab.ca](http://www.wcss.ab.ca) . Equipment Lease Agreements can be printed from the WCSS website, located under Contingency Manual.
