

General Rules	
Communication	<p>WCSS COVID Protocol will be communicated with all member companies, staff, volunteers and contractors via WCSS website, registration confirmation, general inquiries.</p> <p>WCSS training for the oil and gas industry is not directly impacted by gathering restrictions however, in an effort to promote wellbeing and reduce the potential for exposure to the COVID-19 or variant virus, group sizes will be limited and staff, contractors, volunteers and students will be expected to meet the minimum PPE standard and physical distance of 2m wherever possible.</p> <p>Non-compliance with protocols will result in immediate dismissal of the training. This will be made clear to all staff, volunteers, contractors and students.</p> <p>Where possible, training material (eLearning, PPTs and videos) that may be viewed online will be arranged using appropriate online tools.</p> <p>Appropriate signage will be placed outside buildings, at portable washrooms and in common areas. They will detail expectations around: physical distancing, hand hygiene, coughing and sneezing etiquette, cleaning and disinfection practices, general etiquette (no handshaking or loitering).</p> <p>The above expectations will be outlined in an emailed registration confirmation, and during the safety briefing prior to training.</p>
Distancing Measures	<p>Traffic flow will be managed using designated entry / exits, student registration confirmation, student check-in one at a time.</p> <p>2m physical distancing between individuals will be expected and reinforced where possible.</p> <p>Indoor classroom size will not exceed 12, including the instructor(s).</p> <p>Outdoor groups will be further reduced into smaller, task-specific working groups.</p> <p>A separate location will be identified at the same time as the muster point identification for anyone who begins to demonstrate symptoms during training. 811 will be called to confirm next steps; if the symptoms are severe 911 will be called.</p> <p>Where the training takes place in a building, washroom stalls and urinals less than 2m apart will be inaccessible.</p>
Screening for Symptoms	<p>All staff, contractors, students and volunteers must be screened for COVID-19 symptoms; anyone exhibiting symptoms will be prohibited from the planned activity.</p> <p>Completion of a self-assessment / fit for service questionnaire the day before <u>and</u> the day of training will be required and will be filed accordingly.</p>
Records Management	<p>A log of daily cleaning, including inventory of masks, gloves and disinfectant supplies will be maintained.</p> <p>Contact information (name, email address and phone number) will be collected for each staff member, contractor, student and volunteer. If a person wishes not to have their information collected, they may still attend. Information will be kept for a minimum of 2 weeks.</p> <p>If Alberta Health Services identifies a confirmed COVID-19 case, the operator will be expected to work cooperatively with Alberta Health Services to ensure anyone potentially exposed receives the correct guidance. At minimum, the operator should be able to provide:</p> <ul style="list-style-type: none"> • names, email addresses, phone numbers of staff, contractors, students and volunteers who were potentially exposed to a case while they were infectious at that location.
Cleaning	<p>Regular cleaning and disinfecting of surfaces and equipment touched by staff, contractors, students and volunteers, using Health Canada approved disinfectants and hand sanitizers.</p>
PPE	<p>Handwashing and sanitizing stations (<60% alcohol) will be made available.</p> <p>All staff, contractors, students and volunteers must have access to masks and hand sanitizer / soap and water prior to engaging in training activities.</p>
Refreshments	<p>Water bottles will be available by single-point distribution (WCSS); coffee, tea, refreshments will need to be brought by attendees in their own containers.</p> <p>Lunch / snacks will not be made available at coop exercises.</p> <p>Open registration and contract course meal planning will be managed on a case by case basis; individually wrapped / packaged meals will be available by single-point distribution (WCSS) after using the hand sanitization station provided.</p>

Type of Training	Protocol	Responsibility
